

JOHN W. ROSE.

---

APRIL 11, 1884.—Laid on the table and ordered to be printed.

Mr. BAGLEY, from the Committee on Invalid Pensions, submitted the following

## REPORT:

[To accompany bill H. R. 2395.]

*The Committee on Invalid Pensions, to whom was referred the bill (H. R. 2395) granting a pension to John W. Rose, having considered the same, make the following report:*

The petitioner claims to have contracted hernia from the weight of his knapsack and accouterments on the march to Gettysburg. He fails to produce any medical evidence of treatment, and there is no allusion whatever to the use of a truss that the committee can discover. The evidence is so slight that the committee are not willing to recommend the passage of the bill. It should lie on the table.
